## “Wind in the Hair”

### NEWSLETTER

June - September, 2024

### A WORD FROM OUR PRESIDENT

Hello all:

I hope this newsletter finds you all well. I wanted to talk about something that has been on my mind for some time. When you look around the room at any of our Club meetings or runs, a great majority of our membership, including me are, shall I say, maturing like a fine wine. Of course, this is not that this is a bad thing as wine gets better with age! I think if we want our Club to continue to prosper, we need to cast our minds on how we may be able to attract more young people to join and encourage our current younger members to become more involved. I don't want to sound like all doom and gloom, but I think if we cannot do this, our Club may eventually wither away to nothing.

This is not just a concern for the Colac Collectable Car Club. I have spoken to people from various other clubs and organisations and it appears that young people are just not attracted to clubs and volunteering the way people were in the past. The reasons for this are many but of course include family and work commitments at the forefront. Undoubtedly, there is also the added reason of financial concern when it comes to cars and motor bikes. They can be money pits.....then again, there is no written rule that you have to own a collectable car or motor bike to join our Club. You would be more than welcome if you have an interest in classic and collectable cars and like mixing with people with that common interest.

I am not sure how we can achieve this as I have no magical answers.

I will be very happy to hear your ideas and suggestions about how we can attract more younger members. In the meantime, I hope that the approaching Winter weather is kind to us and there will still be plenty of good days that we can get out and about in our cars and on our bikes.

Stay safe and take care. **Ken** (President)

## A TIMELY REMINDER

Recently, two of our members headed out for a quiet drive for lunch and were cruising along when all of a sudden there were blue and red flashing lights in the rear vision mirror. Their car had not been on the road for a while and they were surprised to see the policeman in pursuit.

After pulling over, first thoughts were that the friendly policeman wanted to have a look at the classic car. The policeman checked the driver's licence, log book and performed a breath test. All checks were fine, but unfortunately our member was then informed that he had been travelling 114km per hour. Both driver and passenger were shocked as the car had recently had the speedo checked – and sitting on 60 miles per hour should have been under 100kms per hour. Eventually, a fine was issued but the moral of this message is to regularly check your speedo – whether it be with a phone App (Speed Box is a good one to have) or professionally calibrated.

**Our club mid-week runs have ceased for the time being, however if you have a destination that you would like to see the club visit, then please give Claudia a call. Claudia is happy to organise and advertise this for you – it may be a 'shed visit' on a quiet afternoon or just to your favourite 'café or coffee spot'. Please contact Claudia on 0428 962 854 to discuss any ideas you may have.**

## NOTES FROM A HISTORIC WINTON 'RACING VOLUNTEER'

Annette and I were planning on going to the 2024 Winton Historic Racing event, when we received an email asking for volunteers as they were short. We decided to volunteer which had the advantage of free entry for the weekend and a program for both of us.

We checked in on the Saturday to see what we would be doing for our time on Sunday which was to be a 2.5hour stint marshalling. We were given a marshalling job of controlling foot traffic and making sure the competitors could get on and off the track safely.

There were about 400 competitors using two different marshalling areas. We got to know a little bit about how much organisation goes on behind the scenes. Everything was very well planned and it ran like clockwork. There were many jobs that just seem to happen when you are a spectator, but you don't think about the organisation that has gone into putting it all together, so the weekend runs smoothly.

Spectators respected us when we asked them to stop to allow cars or bikes through; many of the competitors thanked us as they left the track and many spectators appreciated our marshalling although it was minor.

Overall, we had an enjoyable experience. It was great to give back to the Austin Car club as we had been many times to Historic Winton events, but failed to realise how much effort and organisation goes on behind the scenes.

A special thanks to one of our car club members who belongs to the Austin Car club too who drives the courtesy bus for most of the weekend, we as spectators really appreciate it.

Not only is there racing of classic cars and motorcycles but also a large display of classic cars. Our estimate was about 300 cars and many motorbikes. You are able to walk through the pits to see the cars and bikes close up. There are also a lot of displays and stalls to keep you entertained. You can camp on site if you are staying for the weekend. The courtesy bus picks you up at the camping area and takes you to where the action is, so it is easy to get around. We find a weekend at Historic Winton event to be a very good weekend.

I recently noticed that a weekend rally was cancelled due to lack of volunteers to run the event, so I urge you all to consider giving a little of your time as a volunteer to an event that you enjoy.

For us, volunteering at Winton was an extremely worthwhile experience and we plan to volunteer again at a Historic Winton event again. Submitted by Annette & Vince Thorne

## NATIONAL HOLDEN MOTOR MUSEUM ECHUCA (NOW CLOSED)

*The National Holden Motor Museum – which claimed to be the longest continuously-running museum in Australia, dedicated to a single car manufacturer, closed permanently in April, 2024. Opened in 1984, the museum was first located in Bayswater before moving to its location in Echuca in 1993.*

During our holidays in April, Simoen and I visited the Holden Museum in Echuca. The Holden Museum has been a part of Echuca's history for many years and was closing permanently on the 21<sup>st</sup> April, 2024.

Some of the items and cars belonged to the museum, with other cars on display being on loan. Shane Jacobson (Kenny) had his Holden HJ Kingswood on display there. Some might know it from the movie with Shane and Paul Hogan – “Charlie and Boots”. This vehicle is now at the The Museum of Vehicle Evolution (MOVE), Shepparton.

The Holden Museum had a great range of Holdens on display from the FX to modern. Even if you are not a Holden fan, it was well worth a visit.

There was an auction of cars and items held in May. Cars owned by private owners were taken home and some of the vehicles went to either the Trafalgar Holden Museum - Trafalgar Gippsland or the Mildura Holden Museum.

## CONGRATULATIONS – BIRREGURRA MOTOR ENTHUSIASTS CAR SHOW WINNERS!

Congratulations to Colac Collectable Car Club members Chris and Malcolm Wilson on their win at the February Birregurra Motor Enthusiasts Club Car Show. Chris and Malcolm were presented with the Best Japanese Car trophy with their 1976 Datsun 260Z coupe. Chris and Malcolm have owned this vehicle for many years and the vehicle has been a popular winner at a lot of car events. Well done and congratulations Chris and Malcolm !

## MORTLAKE PICNIC DAY (MARCH, 2024)

A special thank you to our members who attended the annual Mortlake Picnic Day on Sunday, 24<sup>th</sup> March. This very popular event is conducted by the Federation of Veteran, Vintage & Classic Vehicle Clubs Inc. and this year over 100 vehicles were in attendance coming from all over the district. It was pleasing to note that our club possibly had the most attendees. Thanks everyone.

The **Bendigo National Swap Meet** (16<sup>th</sup> & 17<sup>th</sup> November, 2024) is one of Australia's largest swap meets. It has been held in Bendigo every year since 1975. ## **WRAP UP OF AOMC EVENTS HELD SO FAR THIS YEAR:**

At a recent meeting of the Association of Motoring Clubs (AOMC), President Iain Ross reported on recent AOMC conducted events:-

Festival of Motoring – Cruden Farm: 463 cars, 18 motorcycles and 1381 general public attended the day. The range of vehicles was great to see. \$21,000 was raised for Beyond Blue. The agreement with beyond Blue has finished, so a new major charity partner will be sought for 2025 event.

Aussie Classic at Mornington Racecourse: A 37o C day that was forecast all week affected the attendance for this event, which was disappointing.

British & European Day at Yarra Glen racecourse: A fantastic day with 1008 cars, 23 motorcycles and 1060 general public attending.

## HAVE YOU PAID YOUR CLUB MEMBERSHIP?

All annual memberships are due and should be finalised by 30<sup>th</sup> June, 2024. Please remember that to use your vehicle on the Club Permit Scheme with VicRoads, vehicle owners must be current financial members of a car club authorised by VicRoads. If your club membership has lapsed, and not renewed within 30 days from 30th June, 2024 you are in breach of the requirements of the Club Permit Scheme and you are not legally entitled to use your vehicle on the road. VicRoads will be notified on 31<sup>st</sup> July, 2024 if your membership has not been paid.
